

**REMARKS****I. Correction of Inventorship**

In accordance with 37 C.F.R. 1.48 (b) due to cancellation of the composition claims some of the inventors should be deleted from the inventive entity. The inventors for the claimed method of allowed method claims 60 to 75 are only Birgit Schreiber, Juergen Allwohn, Axel Kalbfleisch and Karin Steinbrecht. Thus Michael Franzke and Harald Wendel should be deleted from the list of inventors for the patent that issues on the above-identified U.S. Patent Application.

**II. Allowed Claims**

Claims 60 to 75 have been allowed. The remaining pending and withdrawn claims 43 to 59 have been canceled, so that the above-identified U.S. Patent Application can be passed to issue in an expeditious manner with the allowed method claims.

Should the Examiner require or consider it advisable that the specification, claims and/or drawing be further amended or corrected in formal respects to put this case in condition for final allowance, then it is requested that such amendments or corrections be carried out by Examiner's Amendment and the case passed to issue. Alternatively, should the Examiner feel that a personal discussion might be helpful in advancing the case to allowance, he or she is invited to telephone the undersigned at 1-631-549 4700.

In view of the foregoing, favorable allowance is respectfully solicited.

Respectfully submitted,

Michael J. Striker,

Attorney for the Applicants
